HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

This section will contain the final text of the rules proposed by agencies. The order of rulemaking is required to contain a citation to the legal authority upon which the order of rulemaking is based; reference to the date and page or pages where the notice of proposed rulemaking was published in the *Missouri Register*; an explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change; and the full text of any section or subsection of the rule as adopted which has been changed from that contained in the notice of proposed rulemaking. The effective date of the rule shall be not less than thirty (30) days after the date of publication of the revision to the *Code of State Regulations*.

The agency is also required to make a brief summary of the general nature and extent of comments submitted in support of or opposition to the proposed rule and a concise summary of the testimony presented at the hearing, if any, held in connection with the rulemaking, together with a concise summary of the agency's findings with respect to the merits of any such testimony or comments which are opposed in whole or in part to the proposed rule. The ninety-(90-) day period during which an agency shall file its Order of Rulemaking for publication in the *Missouri Register* begins either: 1) after the hearing on the Proposed Rulemaking is held; or 2) at the end of the time for submission of comments to the agency. During this period, the agency shall file with the secretary of state the order of rulemaking, either putting the proposed rule into effect, with or without further changes, or withdrawing the proposed rule.

Title 10—DEPARTMENT OF NATURAL RESOURCES Division 20—Clean Water Commission Chapter 8—Design Guides

ORDER OF RULEMAKING

By the authority vested in the Clean Water Commission under section 644.026, RSMo 2016, the Clean Water Commission amends a rule as follows:

10 CSR 20–8.500 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on September 1, 2016 (41 MoReg 1070–1077). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing was held on the proposed amendment on October 5, 2016. The public comment period ended on November 17, 2016. At the public hearing the Missouri Department of Natural Resources (department) staff explained the proposed amendment. Comments were provided by Robert Brundage (Newman, Comley & Ruth P.C., Missouri Agribusiness Assoc. (Mo-Ag)) and Josh Wilson (Cady Aquastore, Inc).

COMMENT #1: Mo-Ag suggests the term “environment” be removed from section (2). There is no definition for “environment” within the statute or the regulation.

RESPONSE AND EXPLANATION OF CHANGE: The words “to the environment” have been taken out of this rule. The reference to a discharge to the waters of the state is sufficient.

COMMENT #2: Mo-Ag suggests that section (5) be revised to make clear that engineering reports are only required to be prepared when a construction permit is required.

RESPONSE AND EXPLANATION OF CHANGE: Language was revised in section (5) to make it clear that engineering reports are required when facilities are submitting an application for a construction permit. Engineering reports are recommended, but not required, for other changes not requiring a construction permit.

COMMENT #3: Mo-Ag suggest an exemption to the requirement in subsection (3)(B) that a liner be installed under all liquid fertilizer tanks with a capacity of over forty thousand (40,000) gallons that existed prior to the new effective date of this rule.

RESPONSE: This rule addresses all design and construction of facilities. Only tanks of this size constructed after January 13, 1992 would have been required to have secondary containment as outlined in the Secondary Containment rule that initially became effective on that date. The rule has not been changed.

COMMENT #4: Mo-Ag suggested that the requirement in subsection (9)(D) be changed to eliminate the requirement for immediate cleanup of spilled product and require cleanup on a daily basis or immediately after unloading occurs in the event precipitation in the area is likely.

RESPONSE AND EXPLANATION OF CHANGE: The requirement for immediate cleanup of spills of dry fertilizer and pesticides has been removed from this amendment. This is an operational requirement and daily cleanup is required as stated in the operating permit.

COMMENT #5: MO-AG has concerns about any requirement to enclose the entire length of a conveyor or to require a concrete pad underneath the entire length of the conveyor. This comment applies to paragraphs (7)(C)7. and (7)(D)6.

RESPONSE AND EXPLANATION OF CHANGE: The requirement for a concrete pad under loading and unloading areas applies only to the areas at the actual transfer points. It was not the department's intent to require enclosing the entire conveyor or having a pad extend below all of the exterior portions of a conveyance system. Language in section (7) has been clarified so that mixing and loading pads are required only under exterior transfer points.

COMMENT #6: Mo-Ag suggested that the reference to “to humans or” in section (12) be removed as human safety is not under the jurisdiction of MDNR.

RESPONSE: The department believes that safety must be inherent in engineering designs for the protection of the human environment. No change has been made to this section.

COMMENT #7: Mo-Ag requested a definition for “modification” be added to this rule, and provided several examples of projects with questions about applicability.

RESPONSE AND EXPLANATION OF CHANGE: This rule applies to the construction of containment systems at new facilities. It also applies when new containment systems are being constructed at existing facilities and when existing containment systems are being replaced. It applies to all new construction or replacements. The rule does not apply to existing containment systems if they are being retained and will not be modified. For instance, if the scope of a project is limited to the replacement of a certain containment system, say a replacement tank or conveyor, the rule would only apply to that individual piece of equipment. To clarify rule applicability, minor changes to language in sections (5), (6), (7), (8), (9), (14), and (15) have been made to eliminate the reference to “modifications.”

COMMENT #8: Mo-Ag requested a clarification to the intent of

section (7). Their interpretation is that it allows facilities to discharge stormwater from secondary and primary containments so long as spilled product is properly cleaned up and/or recovered prior to discharge of any stormwater.

RESPONSE: Stormwater discharges that will comply with the general permit for agrichemical facilities (MOR 240, modified September 1, 2016) and specifically with item 3 of the applicability section of the permit are allowed. Section (7) of the regulation serves to summarize the purpose of the design requirements for secondary and operational containment areas. They are used to prevent discharges of spilled products and contaminated stormwater until cleanup and recovery is complete. Stormwater discharges from these operation containment areas are allowed. This section has been modified to clarify that these containment areas should be designed to contain any spilled product to prevent a discharge of water contaminants.

COMMENT #9: Mo-Ag suggests the rule state a specific effective date six (6) months after the rule becomes effective to address concerns about facilities that may have already been designed.

RESPONSE: New design requirements will be effective thirty (30) days after publication in the *Code of State Regulations*, which would occur about forty-five (45) days after the Clean Water Commission's decision, so there should be adequate notice for changes. The department will consider justifiable deviations as the changes to this rule are not extensive.

COMMENT #10: Josh Wilson, with Cady Aquastore, Inc., questioned why the use of a liner as a primary containment for liquid fertilizer and the tank as the secondary containment was not added to the amendment. Several tank representatives had attended the public hearing and made this request.

RESPONSE: This is outside of the scope of this rulemaking. This change can be considered in future revisions when the department has more experience with this type of construction. The department has reviewed two (2) projects that use liners as primary containment and they have been approved as deviations. Applications in the near future can be reviewed and approved in the same manner.

10 CSR 20-8.500 Design Requirements for Agrichemical Facilities

(2) General. A facility need only to comply with these rules when they come within the definition of an agrichemical facility. Any construction after the effective date of this rule shall be in compliance with all of these rules before the commencement of any operational activities or any storage or use of agrichemicals. Any existing agrichemical facility that has a discharge of agrichemicals or process generated wastewater is required to take immediate steps to implement the secondary and operational containment requirements contained in this rule in addition to any other remedy required. All new operations shall be designed to be no discharge.

(5) Engineering Report. An engineering report is required for all facilities required to submit an application for a construction permit and is recommended for all facilities. The engineering report assembles basic information, presents design criteria and assumptions, examines alternate projects with preliminary layouts and cost estimates, offers a conclusion with a proposed project for client consideration, and outlines official actions and procedures to implement the project. Engineering reports shall contain the following information and other pertinent information and may be combined with other engineering documentation:

(C) Existing conditions at the agrichemical facility and proposed construction at the facility shall be discussed;

(6) Primary Containment for Bulk Agrichemicals for new construction. Containers and appurtenances used as the primary containment in the storage and handling of bulk agrichemicals shall be construct-

ed, installed, and maintained to prevent a discharge and shall be of materials and construction compatible with the specifications of the product stored.

(7) Secondary Containment for Bulk Agrichemicals for new construction. Secondary containment for nonmobile bulk pesticides and nonmobile bulk fertilizers shall be designed to contain any spilled product to prevent a discharge.

(C) Nonmobile Bulk Dry Fertilizer Storage.

1. Dry fertilizer shall be stored inside a sound structure to prevent contact with precipitation. All surface water runoff shall be diverted away from the storage structure.

2. All unloading, loading, mixing, and handling of dry bulk fertilizers should be done on an operational containment area.

3. Pesticide impregnation of dry fertilizer shall take place within an operational containment area adequate in size to hold the volume of pesticides used and impregnation equipment.

4. Daily cleanup of the dry fertilizer loading, unloading, mixing, and handling areas shall take place.

5. Whenever feasible, dry fertilizer spreading equipment should be cleaned in the field to minimize containment and disposal requirements at the operational containment area.

6. The floors of the bulk dry fertilizer storage area shall be paved with concrete or other approved materials that will prevent the downward movement of fertilizer materials and moisture through the floor. For concrete floors and walls, expansion joints shall be placed on a close enough spacing to prevent cracks from forming. The expansion joints shall be sealed with a material resistant to agrichemicals. Cracks that occur in the floors and walls shall be sealed to prevent the downward or lateral movement of fertilizer materials and moisture.

7. A mixing and loading pad shall be constructed under any exterior transfer area of a conveyance system.

(D) Nonmobile Bulk Dry Pesticide Storage.

1. Dry pesticides shall be stored inside a sound structure to prevent contact with precipitation. All surface water runoff shall be diverted away from the storage structure.

2. All loading, mixing, and handling of bulk dry pesticides should be done on an operational containment area.

3. Daily cleanup of the bulk dry pesticide loading, unloading, mixing, and handling areas shall take place.

4. Whenever feasible, bulk dry pesticide spreading equipment should be cleaned in the field to minimize containment and disposal requirements at the operational containment area.

5. The floors of the bulk dry pesticide storage area shall be paved with concrete or other approved materials that will prevent the downward movement of pesticide materials and moisture through the floor. For concrete floors and walls, expansion joints shall be placed on a close enough spacing to prevent cracks from forming. The expansion joints shall be sealed with a material resistant to agrichemicals. Cracks that occur in the floors and walls shall be sealed to prevent the downward or lateral movement of pesticide materials and moisture.

6. A mixing and loading pad shall be constructed under any exterior transfer area of a conveyance system.

(8) Operational Containment for bulk liquid pesticides and bulk liquid fertilizers for new construction. The operational containment area for bulk liquid pesticides and bulk liquid fertilizers shall be designed to contain any product discharged or collected precipitation for the amount of time required for proper cleanup and recovery.

(9) Operational Containment Area for bulk dry pesticides and bulk dry fertilizers for new construction. The operational containment area for bulk dry pesticides and bulk dry fertilizers shall be sized and designed to contain any spillage or leakage of dry materials that occurs from the loading and unloading of hauling or spreading equipment and from the mixing and blending equipment or precipitation

that comes in contact with the operational containment area for the amount of time required for proper cleanup and recovery.

(D) For unloading dry pesticides and dry fertilizers from rail cars, a catchment basin or concrete pad that can effectively contain the dry fertilizer or pesticide that may be discharged during the unloading process shall be used.

(14) Plans.

(A) General. All plans for primary, secondary, and operational containment structures for new construction at agrichemical facilities shall bear the name of the agrichemical facility and shall show the scale in feet, a graphic scale, the north point, date, and the name of the engineer, certificate number and imprint of his/her registration seal. The plans shall be clear and legible. They shall be drawn to a scale which will permit all necessary information to be plainly shown. The size of the plans generally should not be larger than thirty inches by forty-two inches (30" × 42") (76 cm × 107 cm). Datum used should be indicated. Locations and logs of test borings and when made shall be shown on the plans. Detail plans shall consist of plan views, elevations, sections, and supplementary views which, together with the specifications and general layouts, provide the working information for the contract and construction of the containment facilities. Plans shall include dimensions and relative elevations of structures, the location and outline form of equipment, storage tanks, location and size of piping, and ground elevations.

(B) Plans for new construction.

1. Location plan. A plan shall show the location of the agrichemical facility in relation to streams, roads, water supply systems, property lines, and any dwellings or structures not owned by the agrichemical facility in the immediate area of the facility.

2. General layout. Layouts of the proposed agrichemical containment facility shall show topography of the site, size, and location of storage tanks and containment structures, schematic flow diagram showing the flow through the various agrichemical mixing and handling systems, piping including any arrangements for bypassing individual systems, agrichemical handled and direction of flow through pipes, pumps and valves used for handling agrichemicals, storage areas for waste materials that cannot be reused (mud and sediment from sumps, dry fertilizer, and pesticide materials accumulated during clean up processes, etc.), any test borings showing soil and rock elevations and composition at the proposed site, and information showing existing groundwater elevations in relation to proposed liner installation and containment area floors shall be provided.

3. Detail plans. Unless otherwise covered by the specifications or engineer's report, detail plans shall show location, dimensions, and elevations of all existing and proposed facilities; elevations of high and low groundwater level; size, pertinent features, and operating capacity of all pumps, tanks, containment areas, and other mechanical devices associated with the operation of the agrichemical facility and adequate description of any other features pertinent to the design and operation of the agrichemical containment facility.

(15) Specifications. Complete technical specifications for new construction shall be included with the plans. The specifications included with construction drawings shall include, but not be limited to, all construction information not shown on the drawings which is necessary to inform the builder in detail of the design requirements as to the quality of materials and workmanship and fabrication of the project and type, size, strength, operating characteristics, and rating of equipment; the complete requirements for all mechanical and electrical equipment, including machinery, valves, piping and jointing of pipe; electrical apparatus, wiring, and instrumentation; operating tools; construction materials; special construction materials such as clay, sand, concrete, or steel; miscellaneous appurtenances; instructions for testing materials and equipment as necessary to meet design standards and performance tests for the completed works and component units. It is suggested that these performance tests be conducted at the design conditions for the operation of the agrichemical facility whenever practical.

**Title 12—DEPARTMENT OF REVENUE
Division 10—Director of Revenue
Chapter 41—General Tax Provisions**

ORDER OF RULEMAKING

By the authority vested in the director of revenue under section 32.065, RSMo 2016, the director amends a rule as follows:

12 CSR 10-41.010 Annual Adjusted Rate of Interest is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 1, 2016 (41 MoReg 1805-1807). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: No comments were received.

**Title 13—DEPARTMENT OF SOCIAL SERVICES
Division 70—MO HealthNet Division
Chapter 4—Conditions of Participant Participation,
Rights and Responsibilities**

ORDER OF RULEMAKING

By the authority vested in the MO HealthNet Division under sections 208.040, 208.201, and 660.017, RSMo 2016, the division amends a rule as follows:

13 CSR 70-4.090 State-Funded Missouri Woman's Health Services Program is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on October 17, 2016 (41 MoReg 1468-1471). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The MO HealthNet Division received one (1) comment on the proposed amendment.

COMMENT: David H. Perlmutter, M.D., Executive Vice Chancellor for Medical Affairs and Dean of Washington University in St. Louis School of Medicine, commented that MO HealthNet has obligations to assess the likely negative public health outcomes by reducing access to contraceptive services and to fully estimate the costs to MO HealthNet of these negative health outcomes.

RESPONSE: MO HealthNet believes there will be medical professionals to provide sufficient Women's Health Services. No changes have been made to the amendment as a result of this comment.

IN ADDITION

7 CSR 10-25.010 Skill Performance Evaluation Certificates for Commercial Drivers

PUBLIC NOTICE

Public Notice and Request for Comments on Applications for Issuance of Skill Performance Evaluation Certificates to Intrastate Commercial Drivers with Diabetes Mellitus or Impaired Vision

SUMMARY: This notice publishes MoDOT's receipt of applications for the issuance of Skill Performance Evaluation (SPE) Certificates from individuals who do not meet the physical qualification requirements in the Federal Motor Carrier Safety Regulations for drivers of commercial motor vehicles in Missouri intrastate commerce because of impaired vision or an established medical history or clinical diagnosis of diabetes mellitus currently requiring insulin for control. If granted, the SPE Certificates will authorize these individuals to qualify as drivers of commercial motor vehicles (CMVs), in intrastate commerce only, without meeting the vision standard prescribed in 49 CFR 391.41(b)(10), if applicable, or the diabetes standard prescribed in 49 CFR 391.41(b)(3).

DATES: Comments must be received at the address stated below, on or before, April 17, 2017.

ADDRESSES: You may submit comments concerning an applicant, identified by the Application Number stated below, by any of the following methods:

- **Email:** Pamela.lueckenotto@modot.mo.gov
- **Mail:** PO Box 270, Jefferson City, MO 65102
- **Hand Delivery:** 830 MoDOT Drive, Jefferson City, MO 65102
- **Instructions:** All comments submitted must include the agency name and Application Number for this public notice. For detailed instructions on submitting comments, see the Public Participation heading of the Supplementary Information section of this notice. All comments received will be open and available for public inspection and MoDOT may publish those comments by any available means.

**COMMENTS RECEIVED
BECOME MoDOT PUBLIC RECORD**

- By submitting any comments to MoDOT, the person authorizes MoDOT to publish those comments by any available means.
- **Docket:** For access to the department's file, to read background documents or comments received, 830 MoDOT Drive, Jefferson City, MO 65102, between 7:30 a.m. and 4:00 p.m., CT, Monday through Friday, except state holidays.

FOR FURTHER INFORMATION CONTACT: Pam Lueckenotto, Motor Carrier Investigations Specialist, 636-288-6082, MoDOT Motor Carrier Services Division, PO Box 270, Jefferson City, MO 65102. Office hours are from 7:30 a.m. to 4:00 p.m., CT, Monday through Friday, except state holidays.

SUPPLEMENTARY INFORMATION:

Public Participation

If you want us to notify you that we received your comments, please include a self-addressed, stamped envelope or postcard.

Background

The individuals listed in this notice have recently filed applications requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10), or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, RSMo, MoDOT may issue an SPE Certificate, for not more than a two- (2-) year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41. Upon application, MoDOT may renew an exemption upon expiration.

Accordingly, the agency will evaluate the qualifications of each applicant to determine whether issuing an SPE Certificate will comply with the statutory requirements and will achieve the required level of safety. If granted, the SPE Certificate is only applicable to intrastate transportation wholly within Missouri.

Qualifications of Applicants

Application #148

Renewal Applicant's Name & Age: John E. Duchon, 60

Relevant Physical Condition: Vision impaired.

Mr. Duchon's best uncorrected visual acuity in his left eye is 20/20 Snellen. He is blind in his right eye. Mr. Duchon has had this visual impairment since September 23, 2008.

Relevant Driving Experience: Mr. Duchon has approximately ten (10) years of commercial motor vehicle experience. Mr. Duchon currently has a Class A license. In addition, he has experience driving personal vehicle(s) daily.

Doctor's Opinion & Date: Following an examination in November 2016, a board-certified ophthalmologist certified his condition would not adversely affect his ability to operate a commercial motor vehicle safely.

Traffic Accidents and Violations: Mr. Duchon has had no tickets or accidents on record for the previous three (3) years.

Request for Comments

The Missouri Department of Transportation, Motor Carrier Services Division, pursuant to section 622.555, RSMo, and rule 7 CSR 10-25.010, requests public comment from all interested persons on the applications for issuance of Skill Performance Evaluation Certificates described in this notice. We will consider all comments received before the close of business on the closing date indicated earlier in this notice.

Issued on: February 6, 2017

Scott Marion, Motor Carrier Services Director, Missouri Department of Transportation.

Any claims against the Corporation must be sent to c/o Robert B. Mahaffey, KGGF-KUSN, Inc., 3327 East Ridgeview Springfield, MO 65804. Each claim must include the following information: the name, address, and phone number of the claimant; the date on which the claim arose; the basis for the claim; and any documentation for the claim.

All claims against the Corporation will be barred unless a proceeding to enforce the claim is commenced within two (2) years after the publication of this notice.

NOTICE OF DISSOLUTION TO ALL CREDITORS OF AND CLAIMANTS AGAINST**CLINICAL RADIOLOGICAL CONSULTANTS, INC.**

On January 30, 2017, Clinical Radiological Consultants, Inc., a Missouri corporation (the "Corporation"), filed its Articles of Dissolution with the Missouri Secretary of State. The dissolution was effective upon this date.

You are hereby notified that if you believe you have a claim against the Corporation, you must submit a written summary of your claim to the Corporation in care of Mark H. Gilgus, 2323 Grand Boulevard, Suite 1000, Kansas City, Missouri 64108. The summary of your claim must include the following information:

1. The name, address and telephone number of the claimant;
2. The amount of the claim;
3. The date on which the claim is based occurred;
4. A brief description of the nature of the debt or the basis for the claim; and
5. Whether the claim is secured, and if so, the collateral used as security.

All claims against the Corporation will be barred unless a proceeding to enforce the claim is commenced within two years after publication of this notice.

Rule Changes Since Update to Code of State Regulations

This cumulative table gives you the latest status of rules. It contains citations of rulemakings adopted or proposed after deadline for the monthly Update Service to the *Code of State Regulations*, citations are to volume and page number in the *Missouri Register*, except for material in this issue. The first number in the table cite refers to the volume number or the publication year—41 (2016) and 42 (2017). MoReg refers to *Missouri Register* and the numbers refer to a specific *Register* page, R indicates a rescission, W indicates a withdrawal, S indicates a statement of actual cost, T indicates an order terminating a rule, N.A. indicates not applicable, RAN indicates a rule action notice, RUC indicates a rule under consideration, and F indicates future effective date.

Executive Orders

Executive Orders	Subject Matter	Filed Date	Publication
2017			
17-07	Establishes the Governor's Committee for Simple, Fair, and Low Taxes to recommend proposed reforms to the governor by June 30, 2017.	January 25, 2017	42 MoReg 315
17-06	Orders that the Missouri State Emergency Operations Plan be activated. Further orders state agencies to provide assistance to the maximum extent practicable and directs the Adjutant General to call into service such portions of the organized militia as he deems necessary.	January 12, 2017	42 MoReg 267
17-05	Activates the Missouri State Emergency Operation Center due to severe weather expected to begin on Jan. 12, 2017.	January 11, 2017	42 MoReg 266
17-04	Establishes the position of Chief Operating Officer to report directly to the governor and serve as a member of the governor's executive team.	January 11, 2017	42 MoReg 264
17-03	Orders every state agency to immediately suspend all rulemaking until Feb. 28, 2017, and to complete a review of every regulation under its jurisdiction within the <i>Code of State Regulations</i> by May 31, 2018.	January 10, 2017	42 MoReg 261
17-02	Orders state employees of the executive branch of Missouri state government to follow a specified code of conduct regarding ethics during the Greitens administration.	January 9, 2017	42 MoReg 258
17-01	Rescinds Executive Orders 07-10, 88-26, 98-15, and 05-40 regarding the Governor's Advisory Council on Physical Fitness and Health and the Missouri State Park Advisory Board.	January 6, 2017	42 MoReg 257
2016			
16-10	Reauthorizes the Governor's Committee to End Chronic Homelessness until December 31, 2020.	December 30, 2016	42 MoReg 159
16-09	Advises that state offices in Cole County will be closed on Monday January 9, 2017.	December 23, 2016	42 MoReg 158
16-08	Advises that state offices will be closed on Friday, November 25, 2016.	October 24, 2016	41 MoReg 1659
16-07	Declares that a State of Emergency exists in the State of Missouri and directs that the Missouri State Emergency Operations Plan be activated as a result of storms that began on May 25, 2016. This order shall terminate on June 26, 2016, unless extended.	May 27, 2016	41 MoReg 830
16-06	Declares that the next Missouri Poet Laureate will be named in June 2016 and directs that a Missouri Poet Laureate be named biennially to serve for two years at the pleasure of the governor. The order also includes qualifications and responsibilities for the post. Additionally the Missouri Poet Laureate Advisory Committee is hereby established.	May 27, 2016	41 MoReg 828
16-05	Directs the Department of Public Safety, with guidance from the Missouri Veteran's Commission and the Adjutant General of the State of Missouri, to coordinate events with the World War I Centennial Commission that recognize and remember efforts and sacrifices of all Americans during World War I.	May 27, 2016	41 MoReg 826
16-04	Orders all departments, agencies and boards, and commissions, in the Executive Branch subject to the authority of the governor to take all necessary action to amend initial employment applications by removing questions related to an individual's criminal history unless a criminal history would render an applicant ineligible for the position.	April 11, 2016	41 MoReg 658
16-03	Extends Executive Orders 15-10, 15-11, and 16-02 until February 22, 2016, due to severe weather that began on December 22, 2015.	Jan. 22, 2016	41 MoReg 299
16-02	Gives the director of the Department of Natural Resources the authority to temporarily suspend regulations in the aftermath of severe weather that began on December 22, 2015.	Jan. 6, 2016	41 MoReg 235
16-01	Designates members of the governor's staff to have supervisory authority over certain departments, divisions, and agencies.	Jan. 4, 2016	41 MoReg 153

The rule number and the MoReg publication date follow each entry to this index.
